Our work parties provide an interesting and lively mix of practical work and informal training. Each work day will consist of a brief introduction to the nature reserve and its management. There will also be some training in tool use and appropriate health and safety issues. **Details of the locations of our nature reserves can be found on our website www.northwaleswildlifetrust.org.uk** You will need to wear work clothes and stout boots/wellingtons and bring along waterproofs and a packed lunch and a drink. We will supply work gloves and tools. We ask that you make sure your work boots or wellies are clean; biosecurity is an important part of our work - you can find out more on our website.

Please remember, if you are interested in attending a particular work party, you must contact the relevant task leader in advance. Thank you!

Wednesday 4th December

Gwaith Powdwr, near Penrhyndeudraeth, Gwynedd.

From 1865 until 1995 this site was home to a world-renowned explosives factory. North Wales Wildlife Trust took over the site when it was decommissioned in 1998 & since then nature has flourished. If you like messing around in the water than this is the task for you! Today we will be clearing vegetation from the top pond – wellies and waders at the ready! If you prefer keeping your feet on dry land, we'll also be doing some work in the tree nursery, potting up oak saplings . Please contact Luke Jones if you would like to attend.
